## OBJECTIVE

---

Experienced web developer with 2+ years of expertise in HTML, CSS, Bootstrap, WordPress, JavaScript, and React.js. Specialised in building websites that look great on any device. Excited to join a dynamic team and contribute to cutting edge web projects.

## EDUCATION

---

**Frontend Developer Training**, Tops Technologies - Ahmedabad 2022

**Bachelor of Computer Applications**, MKBU University - Bhavnagar 2017 - 2020

**Higher Secondary**, Vidyadhish Vidyasankul - Bhavnagar 2015 - 2017

## SKILLS

---

**Technical Skills:** HTML, CSS, JavaScript, Bootstrap, WordPress, React.js, Responsive Web Design, Version Control (Git), Web Performance Optimization, Testing/Debugging Skills, UI/UX Platform (Figma)

**Soft Skills:** Problem-Solving, Time Management, Communication, Collaboration, Teamwork, Creativity, Critical Thinking, Multitasking, Decision-Making, Self-Motivation, Leadership Skills.

## EXPERIENCE

---

**Assistant Manager** Feb 2021 - Nov 2022  
- Xen Capital *Ahmedabad , Gujrat*

- I worked at Xen Capital for a year as an Assistant Manager in a finance and stock market-related company. My role involved overseeing financial operations, conducting market analysis, and assisting in key management decisions to support business growth and efficiency.

**Software Engineer** Jan 2023 - Present  
- Mechodal Technology *Bhavnagar, Gujrat*

- As a Frontend Developer at Mechodal Technology, I focus on crafting seamless and responsive user experiences using HTML, CSS, JavaScript, Tailwind, React, and WordPress. Beyond coding, I have a strong understanding of SEO principles to enhance website performance and search rankings. Additionally, I take on leadership responsibilities, managing interns, coordinating with clients, and ensuring smooth teamwork for efficient project execution. My role blends technical expertise with strategic problem-solving to deliver high-quality digital solutions.

## PROJECTS

---

**Mechodal Technology :-** I developed a fully responsive website for Mechodal Technology using HTML, CSS, and JavaScript. My focus was on creating a clean, user-friendly interface with smooth navigation and an optimized layout for all devices. By implementing modern design principles and ensuring cross-browser compatibility, I delivered a visually appealing and high-performance website that enhances user engagement. ([Try it here](#))

**Hallmark :-** I developed the Hallmark PCB website using React, ensuring a dynamic and high-performance user experience. The website features a responsive design, smooth navigation, and optimized rendering for seamless interaction. By leveraging React's component-based architecture, I created a scalable and maintainable solution tailored to the company's needs. ([Try it here](#))

**Kundalikathan :-** I developed the Kundali Kathan platform, an astrology-related website, using HTML, CSS, and JavaScript. The focus was on creating a clean, user-friendly interface with smooth navigation and responsiveness. By ensuring an optimized and visually appealing design, the platform provides an engaging experience for users seeking astrology-related insights.([Try it here](#))

**Callbee :-** I worked on the CallBee platform, a CRM-related system designed to streamline customer relationship management. My role involved developing a responsive and user-friendly interface, ensuring smooth navigation, and optimizing performance for better user engagement. The platform enhances business communication and workflow efficiency with an intuitive design.([Try it here](#))

**Grapiglow.** I developed the Graphiglow admin panel using React, ensuring a responsive design, intuitive navigation, and efficient data management.
